

LEONARDO ZAVALA-JIMENEZ

lzavalajimenez@ucdavis.edu • (916) 896-6206 • personal-web-lzj.vercel.app • Sacramento, CA

EDUCATION

University of California, Davis

Expected 2026

Bachelor of Science in Computer Science, Statistics Minor

- Coursework: Algorithm Design & Analysis, Data Structures, Artificial Intelligence, Linear Regression, Computer Architecture, Applied Statistics in Biological Science, Software Engineering

SKILLS

Languages: Python, R, Java, C, C++, TypeScript, Haskell, Javascript, Rust

Frameworks & Tools: React, Node.js, SQLite, GitHub, Tailwind CSS, Tableau, PyTorch, SQL

Specializations: Data Analysis, Machine Learning, Software Engineering, AI

Soft Skills: Team Leadership, Mentorship, Cross-Functional Collaboration, Communication

PROJECTS

Data Blog

Mar 2025 — Present

- Conducted end-to-end **data analysis** using Python (Pandas, Seaborn, Tableau)
- Performed **data cleaning, EDA, and model selection** on public datasets
- Published analyses demonstrating **real-world insights** in data science

Software Lead, MuscleMax Startup

Jan 2025 — Present

- Leading development of a **React Native app** integrated with a **custom EMG device** using React Native, TypeScript, SQLite, and Node.js
- Collaborating with a **5-person cross-functional team** (software, hardware, business)
- Designed and implemented backend architecture for **real-time muscle activity tracking**

GitHub Data Fetcher

Sept 2025 — Nov 2025

- Developed a **Rust CLI tool** that interacts with the GitHub **REST API** to retrieve repository and issue metadata
- Stored structured JSON objects in **Redis** for fast retrieval and caching, improving query efficiency and reducing API calls by **80%**
- Applied **asynchronous programming, error handling, and modular design** to build a reliable and efficient backend data pipeline

Front-End Developer, Top Garden Landscaping & Design

Dec 2024 — Apr 2025

- Built and deployed a **responsive client website** using React and Tailwind CSS
- Improved client visibility and customer inquiries by **40%** through optimized design
- Applied agile communication and design iteration with the client and teammate

LEADERSHIP

National Outreach Lead / Project Manager, ColorStack @ UC Davis

Dec 2023 — Present

- Represent UC Davis in national ColorStack meetings; maintain documentation and reporting
- Planned events increasing membership by **30%**, supporting underrepresented students in tech
- Oversaw website creation and GitHub repository, improving members' technical collaboration skills

WORK EXPERIENCE

Groundskeeper, ASUCD Campus Center for the Environment

Aug 2025 — Present

- Maintain and enhance garden spaces surrounding the UC Davis Campus Center for the Environment
- Support sustainable landscaping initiatives in coordination with ASUCD staff
- Operate and maintain tools and equipment for daily groundskeeping tasks
